WORKERS GETTING READY FOR SPECIAL ROAD TAX ELECTION

Meeting of Precinct Workers and Those Interested in Mason County Road Election Held Saturday Afternoon Shows Much Interest.

That much interest is being manifested in all parts of the county in the coming election for a special twenty-cent tax for good road purposes was proven by the attendance of several men chosen in the organization to boost this election as precinct chairmen at a meeting held at the Chamber of Commerce building Saturday afternoon.

The purpose of this meeting was simply to lay the matter before the workers and to learn from them just how things looked in their various precincts. Reports were to the effect that there is much interest being shown in the election and that this special election is now the principle topic of discussion at all gathering places eclipsing even the trans-Atlantic airship journey.

Those workers who met here Saturday were given some information on the proposed election. They were given some information on the proposed election. They were given some idea of what the Commissioners expected to do with the money gathered by means of the special tax and were furnished with arguments in favor of the voting "Yes" at the election.

Arrangements are being made by the Speakers' Bureau to begin at the earliest possible date a series of talks in various county precincts in which arguments in favor of the proposed extra tax will be presented. What other counties in the state of Kentucky are doing in taking advantage of the special tax law and how Mason county's plikes and roads can be wonderfully improved will be shown in these series of addresses.

Neighboring counties are making arrangements to take advantage of this new law by voting a special tax to improve their roads and Mason county boosters are very anxious that our county shall not be behind them in improved roads and plikes.

There was a very good number of farmers in Maysville Saturday and the road tax seemed to be the chief topic

HOLSTEIN SHOW HAS BEEN QUITE INTERESTING

Mason County People Have Greatly Enjoyed Exhibit During Past Week and Have Learned Much About Milk.

The Holstein Show given all during the week under the auspices of the Mason County Holstein Association at Mike Brown's store, has attracted much attention from the county as well as the city. The demonstrations taught those who availed themselves of the opportunity to attend that milk was one of the best of foods.

Special interest was taken in the show when Mason county's champion cow, Prilly Lyons De Kol, owned by Mr. William Newell, of the county, was put on exhibition. Prilly has a record of 21 pounds of butter a week and has milked wonderfully all during the exhibition being milked three times each day.

Such exhibits as these are worth much to the community and it is to be hoped that the farmers of Mason county will co-operate with the movement in making the Holstein the standard breed of cattle in Mason county as they have co-operated in the movement to make Rhode Island Reds the standard breed of fowls.

Much of the success of this show and all like movements are due to the work of County Agent George Kirk, who is leading the Mason county farmers to see big things bigger.

PIANO TUNING

Mr. E. C. Shearer, Piano Tuning Expert of Cincinnati, will be here on his regular trip for one week beginning Monday, May 19. Orders may be left with Miss Lida Berry or Central Hotel. Factory agent for Smith & Nixon Butler Bros. and Ebersole Pianos. (Member National Association of Piano Tuners.)

In all their groups. The farmers have not yet learned enough about the proposition to decide intelligently how they should vote but among the crowds there were found those who favored the tax and those who opposed it.

The real campaign is now expected to begin in earnest that the precinct workers have been instructed and it is expected that nothing will be considered or discussed in Mason county now until after June 14 but the special twenty-cent road tax election.

SCHOOL MANAGERS AND CITY DADS HAVE BIG TIME AT BANQUET

Meeting of City Board of Education and City Councilmen Held Friday Evening Proves a Delightful Affair and Helpful to All.

There was a majority of the members of the City Council and the City Board of Education present Friday evening at the High School building when the Department of Home Economics entertained those two bodies to dinner. The dinner was a credit to our best hotels and the young ladies of the class were highly complimented by the officials.

The menu was as follows:
Fruit Cocktail
Country Ham Scalloped Potatoes
Creamed Asparagus
Peas and Pimientos
Hot Rolls Butter
Stuffed Tomatoes Wafers
Strawberry Shortcake
Coffee

After dinner the officials enjoyed a very delightful talk fest in which every member of both boards had something to say. Mayor Thomas M. Russell presided and in introducing Mayor Russell, Dr. J. H. Samuel, president of the Board of Education said:

"Gentlemen: This meeting is really to be regarded as an informal gathering of the city's two representative institutions. The Board of Councilmen and the Board of Education both being elected by the city at large. Our meeting place being a public institution erected by the city it is deemed seemly and proper that this meeting should have as its presiding officer that person who holds the destiny of the city in his hands, and I hope that all those present will bring to this occasion the spirit expressed in the oath of the Athenian Youth.

"We will never bring disgrace to this city, by any act of dishonesty or cowardice, nor ever desert our suffering comrades in the ranks. We will fight for the ideals and sacred things of the city, both alone and with many. We will reverse and obey the city's laws, and do our best to incite a like respect and reverence in those about us who are apt to set them at naught. We will strive unceasingly to quicken the public's sense of civic duty. Thus in all these ways we will transmit this city to those not less, but greater, better and more beautiful than it was transmitted to us.

"I now have the very great pleasure of introducing to you the honorable and genial Thomas M. Russell, Maysville's progressive and up-to-date and live wire Mayor, and as President of the Board of Education and interested in the welfare of the city, it is my hope that Maysville under the present administration will grow in wealth, power and prosperity until it will not only be the pride of her native citizens but of the whole country."

The meeting will be marked down as the beginning of a better feeling between council and the school authorities. Between previous boards of council and boards of education there has been an uncalled for sort of feeling that did not promote the best interests of the city in general and the public generally will be glad to know that the present boards are realizing that they are both servants of the public and both should work together toward the better interests of all.

The councilmen were shown over the High School building and found that in the Manual Training Department there was a first class equipment which would do credit to a small planning mill while in the Home Economics department they found a kitchen equipment that would serve well a first class hotel.

TEACHERS TAKE EXAMS. IN AGRICULTURE

Every teacher who expects to teach in the Mason county schools during the coming year was present at the Court House Saturday and took the required examination on Agriculture. This is the first time that an examination in agriculture was required and the examiners made it so elementary that there is no doubt but that all teachers passed with creditable grades. After this year the examinations will be much more severe. The county teachers were greatly helped during their preparations for this examinations by a series of lectures given each week by County Agent George Kirk.

JUDGE NEWELL HEARS ARGUMENTS IN SEVERAL CASES

Circuit Judge C. D. Newell Saturday afternoon heard arguments by attorneys in several cases on points of law. Court was held in the Circuit Clerk's office.

Louisville, Ky., May 16.—A report was current in political circles here tonight that A. W. Barkley, congressman from the First Kentucky legislative district, would announce his candidacy for the Democratic gubernatorial nomination within the next few days.

ASPHALT OR CONCRETE MAY GO BETWEEN RAILS

Special Committee of Councilmen Who Were Appointed to Confer With Street Railroad Company Consider Other Forms of Paving Except Brick.

It became known today that the special committee of City Councilmen appointed to confer with the officials of the Maysville Street Railroad Company in regard to paving between the rails of the car company in Market and West Second streets, were considering other kinds of paving beside brick.

It was pointed out that in many cities some other kind of paving was used between the car rails instead of the kind used in the street proper and as brick paving is so very costly just now and the people in general as well as the officials seem to want this paving done this year, they are considering concrete and asphalt.

An engineer representing the Street Car Company and the Special Committee have gone over the matter thoroughly and it is thought that the committee and the street car company may reach an agreement on asphalt or concrete within a few weeks.

The proposition, it is understood will be for the city to pay a part of the cost of construction, the company to pay a part and the balance to be made up by subscription of property owners living along the line of street. The public anxiously awaits some sort of agreement on this matter.

DO YOU WANT A NICE HOME

With beautiful grounds about one and one-half acres, with large trees, a good garage, small stable, large chicken yard and garden, an asphalt street with concrete pavement, situated back from the street out of the dust. Electric light, natural gas, hot and cold water, and telephone. You can move and get your meals and a hot bath at once, as there is a gas range and a built-in coal range all attached and ready for use. One of the best neighborhoods in the city—street cars pass every fifteen minutes. Don't have to cross the C. & O. Railroad. Call on R. K. HOEFLEIGH, at Bank of Maysville.

CITY TAX COLLECTORS SOON TO HEAR COMPLAINTS

The Maysville Board of Tax Supervisors have about completed their work of equalizing the tax assessment of the city as they believe it should be equalized and within a short time they will issue notices to the taxpayers who they have increased and will then hold a session to hear complaints. When the Board has completed its work, the Ways and Means Committee of Council will meet and make up a budget which they will recommend to council at its next regular monthly meeting for adoption.

LEXINGTON POLICE. MAN BURIED HERE

Mr. John Collopy, Lexington, policeman who died from wounds sustained when he was struck by an automobile on the Lexington streets several days ago, was buried at the Washington cemetery this morning. Funeral services were held at the St. Patrick's church and many friends and relatives were in attendance at the services.

BABY IRVIN

Mr. and Mrs. Earl Irvin, of Second and Commerce streets, are the proud parents of a fine baby boy, born Thursday evening.

RETURN BALLOT BOX KEYS

All clerks of the last election are requested to return to me the ballot box keys immediately.
16-2t J. J. OWENS, County Clerk.

NEW HEALTH OFFICER ASSUMES HIS DUTIES

Office Opened in the Health League Headquarters in Court Street Where Laboratory Will Be Established.

Dr. J. L. Rice, the newly elected full time health officer for Mason county, returned Friday from Louisville where he has been attending a meeting of the health officers of the state together with the nurses and other health officials. Dr. Rice is today getting his office in Court street ready for occupancy. The entire second floor of the building will be occupied by Dr. Rice and Miss Casey, County Health Nurse.

Besides his regular office, Dr. Rice will establish in this building in the immediate future a first class laboratory which will likely be used extensively throughout this section of the state. Dr. Rice has spent several years in Central America in health work and is an expert in laboratory work. He is a graduate of Johns Hopkins University and was for a time connected with Rockefeller Hospital.

The people of Maysville extend a hearty welcome to Dr. Rice and his family and we feel certain that his coming among us will be to our mutual good.

MASON EXEMPTION BOARD IS NOT YET DISCHARGED

Although Major Rhodes, chief of the Selective Service in the state of Kentucky has been honorably discharged from service, the members of the Mason County Exemption Board have not yet received their discharges from the Provost Marshal General. All of the draft equipment for this county has been returned but the local boards cannot be discharged until President Wilson returns to America.

ON LECTURE TOUR THROUGH THIS DISTRICT

Mr. William G. Lavelle, of Cleveland, Ohio, who will deliver the Commencement address to the Maysville High School, passed through the city this morning en route to Pikeville, Ky., where he delivers a lecture this evening. Mr. Lavelle has several lectures engagements to fill in Kentucky on this tour.

BODY ESCORTED BY POLICE

The body of Mr. John Collopy, Lexington policeman, who was brought here Saturday for burial at Washington, was accompanied by a squad of Lexington policemen fully uniformed.

Miss Margaret R. Brown will open a night class in Bookkeeping Monday, May 19. Phone 696. 15-3t

Success Crowns U. S. Planes Attempt to Cross the Atlantic

FIRST AIRSHIP FLIGHT OVER THE ATLANTIC OCEAN ACCOMPLISHED WHEN NC-4 REACHED AZORES SATURDAY MORNING.

Ponta Del Gada, Azores, May 17.—The seaplane NC-4 has landed at Horta on the Island of Fayal of the Azores group.

The landing was accomplished at 9:25 a. m., New York time. Horta is about 160 miles from the American base at Ponta Del Gada.

The seaplane NC-4, leading the American trans-Atlantic flight, first sighted land at Flores, the westernmost of the Azores.

The NC-1 was close behind. Wireless messages to the U. S. S. Melville, the seaplane mothership here, said land was sighted at 7:35 a. m. New York time.

The NC-3, carrying Commander John H. Towers, leader of the air expedition, is lagging behind, but passed the destroyer Craven, Station 18, at 5:45 a. m.

The radio from the Craven said the NC-3 was going at terrific speed, evidently trying to catch up.

Flores is 320 miles from Ponta Del Gada. It is estimated that the planes are hurtling through the air at a speed approximately 95 miles an hour. If that speed is maintained, navy officers estimated, the planes, barring mishaps, should reach Ponta Delgada in less than three and a half hours.

Navy officials here are amazed at the achievement of the American aircraft during the first half of the long voyage from Trepassey to the Azores.

Throughout the night a group of enthusiastic officers clustered about the wireless apparatus in the office of Commander W. R. Wortman and Captain Arwino, on the seaplane mother ship Melville.

The excitement grew as message after message rasped in from the various destroyers in mid-sea. Each succeeding message indicated the pilots were surpassing every hope of their comrades at this end.

Yesterday when the flash that the fliers had taken the air at Trepassey was received here, wireless messages went broadcast over the sea requesting aircraft ships to restrict the use of their radios to a minimum to expedite exchange of radiograms between the airplanes and American destroyers.

Lights glowed from every ship in

the harbor through the nights as officers and men sat about athwart for the latest news from the fliers. Despatch boats swept back and forth across the bay between the mother ship Melville and other warships.

Half-hourly bulletins were issued on the progress of the historic flight. These quickly were prepared, handed to couriers on motor boats and distributed to the eagerly waiting mariners on all ships and to the watchers in the city.

The men of the U. S. S. Buffalo, of a British troop ship, a Dutch war vessel and of the many foreign craft in the harbor lined the rails anxiously as the motor boats approached. As bulletin after bulletin indicated success, cheers went up from these ships.

The eagerness with which the announcements were snatched resembled that of men seizing election, world series or prize-fight returns.

"This is the greatest sporting event in history," declared Captain Wortman as shouts from those keeping the all-night vigil floated over the bay. There was heavy betting on the result in the gambling houses of Ponta Del Gada. All night long wagers were eagerly offered and eagerly snapped up.

All kinds of odds were offered on the success or failure of the flight, the length of time it would take, and on which plane would be first to arrive. Sailors from foreign ships in the bay, Portuguese residents of the island and picturesque townspeople mingled in the rambling houses, shouldering and postling in their anxiety to get their bets down.

Admiral Jackson invited the American consul and local and visiting dignitaries to view the finish from his ship.

The morning was misty and visibility low, but predictions were that this afternoon it would be clearer.

REV. HARROP AT FOREST AVENUE CHURCH

Rev. F. W. Harrop, of Harlin, Ky., will speak at the Forest Avenue M. E. Church Sunday evening promptly at 7:30 o'clock and the public is cordially invited to hear him. Rev. Harrop will bring a message on the Centenary movement.

Persons desiring general repair work done—painting and concreting—should see HOOPS & WALLINGFORD. PHONE 310. 17-17t

MORROW PLEDGES SUPPORT OF THE NEW PLATFORM

Pledging to support his party platform, enter no political barter and practice rigid economy, Edwin P. Morrow, of Somerset, chosen leader of the Republican ticket in the November election, gave his promise to carry out the program adopted at the Republican convention last Wednesday.

His address follows:

I appreciate beyond the power of words the recommendation and endorsement of this convention, and from the very depths of my heart I thank you for it. I know that it reflects and expresses the overwhelming wish and desire of the Republicans of Kentucky and I shall gladly, proudly ask them to ratify it by their sovereign vote in the August primary. To secure this recommendation I have made no trade, no barter, no pledges, nor have any been made for me. I am the candidate of no man or set of men.

I have had no headquarters, no campaign manager, and the total sum of my expenditures in this behalf is the pitiful sum of \$250. I want, above all other things, this nomination, and when it comes to me by outstretched hands will be free to take it, and my heart will be glad because my conscience will be clear. Unfettered, I will ask this honor—and as your nominee I pledge that I will not warp my heart by a single trade; will not tie my hands by bargains, nor bind my conscience by the promises of a single office.

If elected, under God, I will be a free man—free to seek and strive alone for the good of Kentucky, and the welfare of its people. The platform pledge you have just adopted is our party's solemn offer to contract with the people of Kentucky, and if they accept it by their suffrage, it becomes a covenant, founded in honor and sealed in faith. In this spirit I unhesitatingly accept and endorse it, and as our declaration of faith and purpose, I will do battle for it.

"Weeded To Idols"
Four years ago there came to a close an administration of the people's affairs. An administration marked by broken promises and violated pledges, characterized by needless waste and reckless extravagance, branded by condemnation and placed the welfare of the state in the hands of the present state administration. Under fair and solemn platform pledges, and by word of mouth those public servants promised economy, retrenchment and reform; the abolishment of useless offices; the removal of the charitable and penal institutions from political control; the turning on of the light, and faithful and efficient service.

For four years this administration has had the full and absolute control of every branch and department of the state government. As it approaches its wretched end these are the known and admitted facts: No economy, but increased extravagance. Six million dollars more collected from the people, while the state debt has grown greater by a million and a half dollars—more burdens to bear and less evidence of the benefits of government; no "beheading" useless officers, but increased cost in every department of state.

Favoritism Scored

Important by its favoritism, befouled by its pardon record, stained and shamed by the mockery of political control of the state's charities, ludicrous in its text book adoption—in the midnight of political corruption, it is dying without a champion, a defender or an apologist. While the remarkable spectacle is presented to the people of the state of four distinguished Democratic candidates for governor—each one of whom, more solemnly and vigorously than the other, promises to undo the very things which this administration has done, and to abstain from doing the very things of which it has been guilty.

This administration has been the husbandman of the fairest land on earth; it has let the golden harvest of its opportunities go ungathered, and permitted it to be despoiled. Entrusted with the shining talents of government, it has buried them in the dirty napkin of political intrigue. Now the master (the people) demand to know the condition of the vineyard, and the use that has been made of the talents. Again we come asking the people to rebuke their betrayers, to withhold a vote of confidence and approval from their despoilers and to use their great and only weapon—the ballot of the rebuke, by intrusting with power another political party as a solemn warning to all parties that, faith broken with the people will, and should receive just and absolute condemnation.

My friends, victory is in the air; this is our year. An aroused, an outraged people will no longer pay the bills and bear the life of bad govern-

Coming! Coming!

LIBERTY SHOWS

Commencing

Monday, May 19th

PLENTY OF SHOWS AND AMUSEMENTS

Located at the BALL PARK

ment. If I am your nominee I will ask and expect the support of my party, and of all right thinking people. I ask the harmony, energy, and above all a determination and will to win.

Not for political success alone, because political victory not followed by real constructive public service, will and should bring political death. The "way of the transgressor is hard" and "the wages of sin is death." I ask political victory as the open door, the way and means for better service, better government, more moral and material progress, and for better days for old Kentucky.

Pledges Fulfillment
I pledge to the fulfillment of the platform this day adopted, every effort of my mind and heart and soul, and profoundly conscious of the gravity of my obligation. I bind myself and my Party to make the deed square with the world.

If as your nominee I am elected Governor of Kentucky—

I will—
Enforce rigid economy in the collection and expenditure of the public funds, stop the leaks, abolish every useless office, and compel retrenchment in every department of State.

I will—
Take the black hand of politics from the throat of the state's charitable and penal institutions, and name a board for their control composed of men and women of such well-known character and fitness, that all will know that under such a board the evils of political domination will disappear forever, and that these institutions will be operated as to reflect the real heart and soul and conscience of Kentucky.

I will—
Appoint a state tax commission, without regard to politics, composed of men of such ability and fitness as well fairly, justly and equitably discharge their duties—and if they do not do so, I will demand their resignation and tell the state why.

I will—
Appoint a text-book commission, composed of capable trained men from both parties, and demand that their hearing's shall be public. I will protect the school children of the state, and for their benefit will demand the passage of laws to take the departments of education, in state and county, out of politics.

I will—
Seek always and everywhere to promote real service, real progress, and a full return in benefits for every dollar expended.

I will—
Face the fact of the state's overwhelming debt, and by economy and a business administration of fiscal affairs seek to pay it without adding additional burdens to a sorely taxed people.

I will not—
For political reasons appoint to office any unworthy or unqualified man, nor will I knowingly permit such an appointment by any public officer.

I will not—
Employ special attorneys at state expense, nor will I permit the settlement by compromise of state claims; but will compel their adjudication in the courts of law.

I will not—
Abuse or misuse the pardoning power, nor will I pardon any guilty man, nor will I use this great power for political ends.

I will not—
Barter or use my patronage to entrench my Party or myself in power, but will seek alone the confidence of a people, merited by a faithful and conscientious discharge of a public trust.

I will not—
Deny to the people participation in their affairs but by the widest publicity I will seek their advice, their confidence and the expression of their will.

Every Fiber Thrills
"I love my State. Every fibre of my being thrills at the mention of her name. Every good impulse of my soul,

is dedicated to her service. I believe in her possibilities and her future. I love and hope, if energy and enthusiasm will avail, I promise, with the assistance of the splendid state ticket, to be nominated by our Party, to bring a new and better day to Kentucky, to destroy the old order and the old system, that the new order and the new system may work their wonders; to conserve and develop our resources; to lay aside the whip with which capital has been lashed from our midst, and invite it to cast its lot with us, to the end that the stalwart spirit of gigantic progress shall move throughout the land, harnessing our rivers to the whirling spindles and turning wheels of industry, delving deep into the sides of our mountains, and bringing to the channels of trade our great undeveloped wealth; to remove from our people unnecessary burdens, and to make life, liberty and property more secure, all to the great end that the Old State shall indeed be the fairest land in all the world, and that the sun shall shine again upon the Old Kentucky Home.

ABOUT THAT COW

The editor of the Flemingsburg Democrat rises (in emulation of Rip Van Winkle) and shouts "Liar" after reading in the Ledger of a cow that produced 76 quarts of milk in 24 hours, and of another who produced almost 52 pounds of butter in 7 days. He suggests that a herd might do it, but one cow—NEVER. Mr. Dooley should not judge the dairy cows of the world by those of his own bailiwick. In both instances the cows referred to were tested under governmental supervision, and weights, with no guess work, were taken of the milk and butterfat. Furthermore, to show that we can tell a still bigger one, there is a cow in California, also a Holstein, who produced over 33,000 pounds of milk in

one year. That 16½ tons of milk (which contained about ¾ of a ton of butter) should be enough to dampen Mr. Dooley's dry wit for some time. The peculiar thing about the Editor of the Democrat is that as a newspaper man he has failed to read of the above mentioned cows. These records are from three months to a year old. The fact that the war cut out so many names on the exchange lists may explain it.

Try a Ledger Want Ad. It Pays.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

NC-132

Points in the Moline's Favor

There are many points in the MOLINE'S favor when the question of what Farm Tractor to buy comes up. To put them all in print would make a long, long story—but to make a long story short—

POINT 1—The MOLINE is the ONLY tractor with electric lights and self-starter. You don't have to quit important plowing or other work just because the sun goes down. Just turn on the lights and keep right on. The MOLINE will work 24 hours a day for you. Never mind the weather. If it rains on Monday, you can do 2 days' work on Tuesday to make up for it.

POINT 2—The MOLINE is the ONLY tractor that cultivates the seed in the soil.

POINT 3—The MOLINE is the ONLY tractor that reverses and goes around a stump or rock. You drive the MOLINE same as an automobile. Drive backward as well as forward.

POINT 4—The MOLINE is the ONLY tractor that cultivates two rows at a time.

POINT 5—The MOLINE is the ONLY tractor that can be turned around in a 16-foot circle and can be put in a small-sized shed.

POINT 6—The MOLINE is the ONLY tractor that has a device to lock the differential and give perfect traction in soft ground.

POINT 7—The MOLINE is the ONLY tractor that will start and finish a field without a horse.

There are SEVEN points—"one for every day in the week." For more "points" or a demonstration, phone, see or write

OUR COLORED CITIZENS

There will be a meeting of all the Colored High School graduates Monday evening, May 19, at 7 o'clock at the High School building. This meeting is for the purpose of making arrangements for a reception of some of the graduates.

kind for this year's graduates. Every one who at any time has finished the Colored High School is requested to attend this meeting. All other colored citizens who are interested are equally invited and requested to come to this meeting.

Active Age Proves Real Quality

Like warriors grown gray in harness, and white-haired employes still on the job, a scuffed and scarred set of Silvertown Cords on an ancient car somehow best tells the story of the matchless service of these patrician tires.

The graceful, well-groomed elegance, with which they when new adorn smart cars, may be shabby; their tough tread worn smooth; but their distinction remains.

Once a Silvertown always a Silvertown. You know them, old or new, for aristocrats.

In their age, you read the history of their wonderful endurance; their useful career of miles and miles of road roughing.

You always get the long mileage of a ripe old age to round out the youthful beauty of the tires with the Twin Red Diamonds on the sidewall.

OPERATION OF ROADS A FAILURE BY GOVERNMENT

The Operation of Railroads, Telegraph Lines, Telephones, Etc., By Government is Dismal Failure.

Washington.—The Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., today gave out the following statement from its Washington Headquarters:

"The failure of government operation of railroads, telephone and telegraph lines, or any other public utilities, might easily have been foreseen by anyone who would take the trouble to consider the elemental influences in-

evitably determining the outcome. It is certainly axiomatic that centralized power in an individual or commission can only produce results commensurate with the integrity, ability, experience and unselfishness of the individual or the members of the commission. It is impossible that government operation would place in control men of greater ability and experience than were the men who built up the enterprises under private management. Neither is there any reason to believe that government operators will be more honest or less selfish than private operators. Private operation had the advantage of the incentive constantly offered by the hope of the rewards of success. In government operation had the advantage of the incentive constantly offered by the hope of the rewards of success. In government operation this incentive was practically lost.

"Government operation necessitates all the acts incident to government regulation, and more. If, then, government regulation be a failure, nothing better can be expected from government operation. If government regulation be a success, there is no need for government operation. Private operation retains the advantage of individual initiative and the stimulus of competition in efficiency, while these are wanting in government operation. By no line of reasoning can one justify the expectation that government operation will attain the degree of success achieved by private operation under proper government regulation.

Government operation has not only been more costly and less efficient but it has brought complaints of discrimination and injustice—establishment of inequitable rates and injury to business. It has brought strikes and threats of strikes, discontent among employees, antagonism toward the government, wastefulness, depreciation, retrogression and disorganization. All of which was foreseen by men who know that an appointment to government office does not carry with it extraordinary ability, intelligence, experience or integrity."

"Y" TRAINED SOLDIERS FOR SHOWS OVERSEAS

Coblens—Approximately a regiment of soldiers—3,418—were trained, con-

tuned and prepared by the Y. M. C. A. Entertainment Department for the presentation of 4,000 shows among the doughboys of the Third Army in the Rhineland during March.

These doughboy amateurs were divided into 134 show units, and played 231 houses on the Red Triangle circuit. In addition there were 1,000 shows presented by Y. M. C. A. professional talent playing the same route. These 5,000 performances were presented to 2,500,000 men, making an average of 10 shows seen each month by each of the 250,000 men in the Third Army.

The entertainment of the soldiers' shows, which were trained and equipped by the Y. M. C. A., consists principally of minstrel and short plays, and they are almost up to a professional standard. Any lack of finesse that does exist is more than made up for by the appreciation of the spectators, who value very highly the efforts of their "buddies" to create entertainment of them.

Phillip Schneidman, the German Premier, has sent through the Berlin correspondent of the Daily Herald, the labor newspaper, an appeal to the British people to realize "the appalling position Germany is placed in by the peace conditions."

Pursuant to an order of the Mason Fiscal Court, a special election will be held in Mason County, Kentucky, on SATURDAY, JUNE 14, 1919, between the hours of six a. m. and four p. m., at which election there will be submitted to the voters of Mason County the following question:

"ARE YOU FOR A PROPERTY TAX OF TWENTY CENTS ON EACH \$100 WORTH OF PROPERTY IN THE COUNTY TO BE LEVIED EACH YEAR FOR THREE YEARS FOR THE PURPOSE OF IMPROVING OR CONSTRUCTING, EITHER OR BOTH, THE ROADS AND BRIDGES OF MASON COUNTY?"

Voting booths will be opened in the various precincts of the county on said day.

CHARLES E. CALDWELL, Sheriff.

NUMBER OF MOTOR TRUCKS INCREASES 100 TIMES IN 10 YEARS

Ten years ago the number of motor trucks in use was but 4000. Today there are between 400,000 and 500,000, according to James P. Nash, office engineer, State Highway Department, Austin, Tex. "There is no reason why the number of trucks should not increase next year in the same ratio as in the past," says Mr. Nash. If the number of motor trucks increases in the next 10 years in the same ratio as in the past 10 years, there would be over 22,000,000 motor trucks in use in the United States by 1929, Mr. Nash pointed out.

The motor truck should be regarded as a public utility, regardless of who operates it. The motor truck came into existence to get food and supplies to people. To add to the cost of motor transportation is to increase the cost of living.

The highways of the country are inadequate for present needs. Their capacity must be doubled to meet the requirements of the next year or two. "Along what line shall we provide this increase?" asks R. E. Fulton, vice-president of the International Motor Co., manufacturer of Mack trucks. "Shall we double the width of the road and increase its first cost and maintenance 100 per cent.? Or shall we provide a road of sufficient strength to carry vehicles of 100 per cent. greater capacity for a given width of road, the first cost of which would be only 10 to 20 per cent. greater per mile than that of present roads. In view of the fact that 50 per cent. increase in hauling capacity gives a reduction of 15 per cent. in transportation costs, the latter seems the wisest thing to do. We must build for the future and estimate now what the future demands." Vote for 20c Road Tax.

When you feel discouraged, nervous, tired, worried or dependent it is a sure sign you need MOTT'S NERVE PILLS. They renew the normal vigor and make life worth living. Be sure and ask for Mott's Nerve Pills by druggists.

Catarhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc.

SEX TRUTH IN PLAIN LANGUAGE IN MOVIE

United States Public Health Service Unveils Facts in Official Picture Every Man Should See.

Manager Russell, of the Washington and Gem Theaters has booked that great feature picture "Fit to Win", which was produced under the management and direction of the United States Public Health Service to bring home to every man in the army and throughout the country the horrors of all too common diseases.

"Fit to Win" was produced for the United States Public Health Service. Leading physicians have come to the conclusion that sexual truths should be stripped of their mystery, that men should be shown in the plainest possible way, the things that mean so much to the propagation of the race. Ignorance and mystery must be dispelled and the honest truth about loose women and the diseases they spread, the effects of these venereal diseases, with the cause, treatment and results, must be brought to the men of the country in a bold, daring and truthful manner. These physicians agree that the exhibition of "Fit to Win" was the best thing that was done to keep the army clean.

Every man should know that having the so-called "good time" with women outside of marriage, committing adultery, etc., not only exposes him to diseases which may cause terrible injury and suffering to himself and others, but even if he does not catch a lasting disease, it will unfit him for his highest efficiency as citizen, husband and father. "Fit to Win" reveals these truths in dramatic form.

Modern life and its evils are pictured. Loose women and their habits are shown.

This picture is so candidly held in its revelation of life's sex truths that men and women are not seated together in the theater, thereby avoiding any embarrassment. The picture will be shown at the Washington May 22 and 23 and at the Gem May 24. The afternoon performances are for women only and the evening shows for men only. Persons under 16 years of age are not admitted to any of the shows.

MARRIAGE LICENSE IS GRANTED

In the Mason County Court Saturday afternoon marriage license was granted to Charles Preston, aged 48, and Nellie Marsh, aged 49, both of the Springdale neighborhood. They were married later in this city.

INTERESTING MEETING AT THIRD STREET CHURCH

A very interesting meeting of the men of the Third Street M. E. Church was held Friday night in the interest of the Centenary. Dr. F. W. Harrop was the chief speaker of the evening and the men attending greatly enjoyed the evening. This church is making rapid progress toward their Centenary goal.

BANK FRONT COMING DOWN CAREFULLY

The beautiful stone front of the old bank of Maysville is being taken down by contractors very carefully and no damage is being done to the stone which will be used again in other construction. This was one of the best constructed fronts in the business district of the city.

Mrs. Dr. Letton of Bethel, Bath county, is visiting her sister, Mrs. Ira Newell, of Limestone street.

FLOTILLA WILL BE MADE UP OF MUCH WAR CRAFT

Company of Boats To Be Sent Out by the Navy and Which Will Probably Come to Maysville Will Show Navy's Part in World War.

The United States Navy has sent out a flotilla of boats for a cruise up the Mississippi and its tributaries to explain to the people what part the Navy had in winning the great war. If the river is anything like a beating stage this flotilla will come up the Ohio river and will probably get as far as Maysville.

It is to be hoped that there will be a good stage in the Ohio when the flotilla gets in this section as the people here are very anxious to see some of the Navy's more improved vessels.

In the group of boats there is the Steamship Isabel, two destroyers, the submarine K-5, three submarine chasers and two flying boats. All are of course small craft but they will give the people along the rivers some idea of what the Navy has been doing. The exact date of the appearance of the flotilla in the Ohio valley will be announced later and it will be determined upon its coming into the Ohio whether or not it will be able to get as far up-stream as Maysville.

EXTRAORDINARY FEATURE PROGRAM AT PASTIME NEXT WEEK

Monday—A Bluebird, Editor Roberts in "The Deciding Kiss," a great picture.

Tuesday—Fox presents George Walsh in "Never Say Quit," a good comedy drama.

Wednesday—Fox presents Madeline Travers in "The Callaux Case." The scandal that stirred two continents.

Thursday—Goldwyn presents Louis Bannison in "Oh Johnny." This is some Western picture.

Friday—The last episode of "The Lightning Raider" featuring Pearl White. Also L'Ko comedy and Pathe latest news.

Saturday—"Mongrels" a famous Sunshine Comedy. Fritzi Ridgeway in "Tapering Fingers." Also New Screen Magazine.

GETTING READY FOR COMMENCEMENT WEEK

The members of the Senior class of the Maysville High School are working overtime just now getting everything in readiness for the commencement exercises for this year. Commencement week this year promises to be one of the most interesting weeks of the kind in Maysville in many years. The entire program will be quite interesting.

INTERESTING MEETING AT THIRD STREET CHURCH

A very interesting meeting of the men of the Third Street M. E. Church was held Friday night in the interest of the Centenary. Dr. F. W. Harrop was the chief speaker of the evening and the men attending greatly enjoyed the evening. This church is making rapid progress toward their Centenary goal.

Mrs. Dr. Letton of Bethel, Bath county, is visiting her sister, Mrs. Ira Newell, of Limestone street.

REPUBLICANS PLAN TEN MEASURES TO PRESENT IN CONGRESS

Railroads, Suffrage and Tax Reforms Among 11g Problems to Be Tackled.

Washington, May 17.—A legislative programme of ten important measures was drawn up and agreed upon by the House Republican Steering Committee Friday for submission to the entire Republican membership in caucus Saturday night.

The programme, if adopted, will be regarded as a promise to the country to see that the ten measures are carried through Congress with all possible speed. They are:

Repeal of the luxury tax; return of the wires; adoption of a shipping policy; settlement of the railroad problem; passage of a constitutional suffrage amendment; enactment of a national budget system; tariff revision; aid for men coming from the service; economy in public expenditures and passage of essential appropriation bills.

This work on the appropriation bills will of necessity be the first matter taken up, but repeal of the luxury taxes and perhaps suffrage will be rushed through the House very early in the session, party leaders said.

Return of the wires will also come up for early consideration.

With the exception of the wire return, luxury tax and suffrage questions the committee did not attempt to commit the party to any policy. This will be left wholly in the hands of the various legislative committees which have charge of measures.

Representative Madden, of Illinois, who suggested the outline of a party slate to carry before the caucus, said that more measures might be added in caucus. There are suggestions that immigration restrictions be made a part of the Republican programme.

The Steering Committee also decided to ask the chairman of one of the three House elections committees to challenge Victor Berger, Milwaukee Socialist Congressman, when he presents himself to be sworn in next week.

Minor patronage matters were discussed.

WASHINGTON AND GEM PROGRAM

The Washington and Gem Theaters offer an unusually attractive program for all next week. It follows:

Monday—Ethel Barrymore in "The Divorcee."

Tuesday—Ethel Clayton in "The Girl Who Came Back."

Wednesday—June Elridge in "Blindfold." Ford's Weekly.

Thursday and Friday at Opera House—"Fit to Win."

Saturday at Opera House—Gladys Leslie in "Miss Dulcie From Dixie." Mack comedy. "Whose Little Wife Are You?"

Gem Saturday—"Fit to Win."

SOLDIERS MEET TO PLAN FOR MEMORIAL DAY

A meeting of the Executive committee of the Mason County Soldiers and Sailors' Association will be held at the Chamber of Commerce this afternoon when plans will be discussed for the celebration of Memorial Day here on May 30th.

NO PREACHING AT BAPTIST CHURCH

Because of the absence of the pastor from the city there will be no preaching services at the First Baptist church Sunday morning or evening. Regular Sunday School services as usual.

CARNIVAL COMING FROM CARLISLE

The Liberty Shows which are booked for Maysville all next week are coming here from Carlisle. The company carries six shows besides the usual lot of concessions and several free attractions.

CALLED TO GEORGETOWN

Prof. and Mrs. J. W. Young were called to Georgetown, Ohio, this afternoon on account of the illness of Mrs. Young's brother. They will probably be detained until Wednesday. There will be no meeting of the Boys' Band until Wednesday evening.

OUR COLORED CITIZENS

Henry Painter, aged 21, and Miss Sarah E. Taylor, age 15, both colored of Maysville, Ky., were married Wednesday evening, May 14th, at 8 o'clock. This is a most highly respected young couple and their many friends extend to them most hearty congratulations.

The Bethel Baptist Brotherhood will meet Sunday afternoon at 3 p. m. both ladies and gents are invited to be present. We have asked the choir to render us some music, this will be a very interesting meeting.

G. W. ANDERSON, President. C. N. BRAXTON, Secretary.

PRILLY MAKES GOOD SHOWING IN SHOW

Test of Holstein Cow Shows That She Did Well Under Excitement at Holstein Fair.

The Holstein cow shown in connection with the Holstein exhibit seemed to feel her responsibility, and in spite of the change in feed, and the annoyance to which she was subjected, made a very creditable record. During the three days she was tested she produced a total of 154 pounds of milk, which was tested by Truxel-Glaescock Creamery. The test showed 3.5 per cent. butterfat, making a total of 5.39 lbs. fat, equivalent to over 6.7-pounds of 80 per cent. butter.

It is hoped that the exhibit will demonstrate to the farmers of Mason county that good cows pay. If you like another breed, keep that kind, but be sure that your cows are good enough to brag about. Too many farmers have cows of which they should be ashamed. There are good cows in all breeds, and the thing to do is to look over the prospect each breed offers; and select your herd accordingly. The men who are backing the Holstein show are enthusiastic about the Black and Whites, on account of their high production, their popularity, (which insures good prices for the calves) and the fact that they make milk from cheap food.

UNIFORMS FOR BAND TO BE ORDERED AT ONCE

Regulation Band Uniform Selected For Maysville Boys' Band and Order Will Be Placed at Once—Equipment Expected Soon.

Prof. John W. Young, director of the Maysville Boys' Band and the managing committee of business men have selected the regulation blue uniforms for the Maysville Boys' Band and orders will be placed with manufacturers in the immediate future. A meeting of the managing committee for this purpose will be held Sunday afternoon or Monday and orders will be promptly forwarded.

In selecting the regulation uniform Prof. Young said it was most suitable for any band and especially for boys bands. This uniform is the same as used by all other Boys' Bands organized in the past by Prof. Young.

The suits will be dark blue and will be trimmed in black braid with a regulation band cap bearing the name of the band. Those at the head of the hope the uniforms will be here in time for the youngsters to use them in their first appearance on the public band stand to be erected in Market street by the city.

GOVERNOR ASKED TO PARDON MASON NEGRO

A petition signed by many prominent Mason county citizens and officials was presented to Governor Stanley today asking him to pardon William Breckenridge, sent to the penitentiary from this county on a charge of manslaughter. As this is Governor Stanley's last day as governor of Kentucky local people interested in seeing Breckenridge pardoned will await with interest the close of the day.

There has been an unusual amount of business done on the Ohio river in the Cincinnati district during the past two weeks. The high river has made it possible for the boats to operate in full force and much freight has been brought to Maysville by boats. There is a boat each way most every day just now.

RHEA WITHDRAWS

Louisville, Ky., May 17.—In a telegram from his home in Russellville, Thomas S. Rhea, former Auditor, last night announced his withdrawal from the race for the Democratic nomination for Governor. Mr. Rhea issued a formal card of withdrawal, in which he said that he withdrew because he did not care to engage in any personal faction fight with leaders of the Democratic party.

Leaders in Louisville, on receipt of the announcement, said that the administration forces and Senator J. C. W. Beckham probably would line up behind Judge John D. Carroll, of New Castle, for the nomination.

It was stated also that Mr. Rhea probably would become the state campaign manager after the August primary.

MEETING ON CLEAN-UP CAMPAIGN POSTPONED

A meeting of the committees of the Maysville Settlement Club handling the Clean-Up campaign in Maysville which was scheduled for 4 o'clock on Saturday afternoon has been postponed until Monday afternoon at the same time.

TYPHOID FEVER SITUATION IS IMPROVING

Physicians report that the typhoid fever situation in Maysville is considerably improved during the past few weeks, there being very few cases in the city at this time.
